

Tony Ambegaoker

Chief Information & Innovation Officer, Gunnison Consulting

Tony Ambegaoker is a distinguished professional with over two and a half decades of experience in the Federal Space. He currently serves as the Chief Information & Innovation Officer at Gunnison Consulting, where his visionary leadership and extensive expertise drive the company's technological innovation. Prior to this role, Tony held pivotal positions such as CIO/COO at CENTERPOINT, where he demonstrated his exceptional ability to oversee both technology and operations, and as the Corporate CIO at Mednax, a prominent \$5 billion physician services company in the United States. His tenure as the CTO at CACI further solidified his reputation as a technology visionary. Tony is a proud graduate of the

Massachusetts Institute of Technology (MIT), a testament to his commitment to excellence in the field.

In addition to his impressive professional journey, Tony Ambegaoker is a recognized industry expert with certifications including PMP, CISSP, CSM, ITIL, and many others, highlighting his dedication to staying at the forefront of technological advancements. Beyond his professional pursuits, Tony's passion for aviation shines as he holds the distinction of being an FAA Commercial Rated Jet Pilot. As a devoted family man and husband, he enjoys cherished moments with his loved ones. Tony also channels his aviation skills for philanthropic purposes, participating in charitable missions to fly children for life-saving medical treatments. His multifaceted background and unwavering commitment to innovation, both in technology and humanitarian endeavors, make him a true inspiration in the industry and beyond.
